## **Section 4: First Aid Procedures**

---

- Skin Contact: Prolonged contact with skin may produce irritation or burns. Remove contaminated clothing and flush contact area with water for 15 minutes. Seek medical attention if irritation develops.
- Eye Contact: Contact with eyes may cause severe irritation or corneal injury. Immediately flush eyes with water or ophthalmic rinse solution; continue flushing with water for 15 minutes to remove any residual material. Seek medical attention if irritation persists.
- Inhalation: Inhalation of product vapors may cause respiratory irritation. Move victim to fresh air. If breathing is difficult, provide oxygen. If irritation persists, seek medical attention.
- Ingestion: Product is not expected to have significant toxicity by ingestion. If victim is conscious, provide water or milk to dilute ingested material. Do not induce vomiting unless instructed by a physician or Poison Control Center. Get immediate medical attention.

---

## **Section 5: Fire-Fighting Measures**

---

- Special Hazards: Thermal decomposition may produce hazardous CO and NO<sub>x</sub> fumes. Wear self-contained breathing apparatus.
- Extinguishing Media: For small fires, use A-B-C fire extinguisher. Large fires may be extinguished with any media suitable for the surrounding fire.

---

## **Section 6: Accidental Release Measures**

---

- First Responders should wear all recommended personal protective equipment outlined in Section 8. For large spill cleanup, personnel should wear a chemical-resistant splash suit or coveralls.
- Prevent spills from contaminating natural waterways or municipal sewer systems. Use chemical-resistant spill control socks/booms to minimize spread of spill.
- Reclaim as much spilled material as possible and return to original container. Small quantities of spill residue may be flushed with water to internal wastewater treatment system.

---

## **Section 7: Storage and Handling**

---

- Store at room temperature. Keep container closed when not in use.
- Use containment devices to prevent uncontrolled spills.
- Do not eat, drink, or smoke while handling product; wash thoroughly with soap after handling.
