## **Section 5: Fire-Fighting Measures**

---

- Special Hazards: Thermal decomposition may produce hazardous CO, SO<sub>x</sub>, and NO<sub>x</sub> fumes. Wear self-contained breathing apparatus.
- Extinguishing Media: For small fires, use A-B-C fire extinguisher. Large fires may be extinguished with any media suitable for the surrounding fire.

---

## **Section 6: Accidental Release Measures**

---

- First Responders should wear all recommended personal protective equipment outlined in Section 8. For large spill cleanup, personnel should wear a chemical-resistant splash suit or coveralls.
- Prevent spills from contaminating natural waterways or municipal sewer systems. Use chemical-resistant spill control socks/booms to minimize spread of spill.
- Reclaim as much spilled material as possible and return to original container. Use absorbent material to remove remaining liquid residue and place into sealable container for proper disposal.

---

## **Section 7: Storage and Handling**

---

- Store at room temperature. Keep container closed when not in use.
