

1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING

Ashland	Regulatory Information Number	1-800-325-3751
P.O. Box 2219	Telephone	614-790-3333
Columbus, OH 43216	Emergency telephone number	1-800-ASHLAND (1-800-274-5263)

Product name PARTS Master® SYNTHETIC SAE 5W-30 MOTOR OIL

2. HAZARDS IDENTIFICATION

Emergency Overview

Appearance: liquid, Petroleum-like odor, amber

CAUTION!

Moderate skin irritant

Potential Health Effects

Routes of exposure

Inhalation, Skin contact, Eye contact, Ingestion

Eye contact

Unlikely to cause eye irritation or injury.

Skin contact

May cause mild skin irritation. Prolonged or repeated contact may dry the skin. Symptoms may include redness, burning, drying and cracking of skin, and skin burns.

Ingestion

Swallowing small amounts of this material during normal handling is not likely to cause harmful effects. Swallowing large amounts may be harmful.

Inhalation

It is possible to breathe this material under certain conditions of handling and use (for example, during heating, spraying, or stirring)., Breathing small amounts of this material during normal handling is not likely to cause harmful effects. Breathing large amounts may be harmful., Symptoms usually occur at air concentrations higher than the recommended exposure limits (See Section 8).

Aggravated Medical Condition

Preexisting disorders of the following organs (or organ systems) may be aggravated by exposure to this material:., skin, lung (for example, asthma-like conditions)

Symptoms

Signs and symptoms of exposure to this material through breathing, swallowing, and/or passage of the material through the skin may include: stomach or intestinal upset (nausea, vomiting, diarrhea), irritation (nose, throat, airways), pain in the abdomen

Target Organs

No data

Carcinogenicity

This material is not listed as a carcinogen by the International Agency for Research on Cancer, the National Toxicology Program, or the Occupational Safety and Health Administration.

Reproductive hazard

There are no data available for assessing risk to the fetus from maternal exposure to this material.

Other information

No data

3. COMPOSITION/INFORMATION ON INGREDIENTS

Components	CAS-No.	Concentration
HEAVY PARAFFINIC DISTILLATE	64742-54-7	>=80-<90%

4. FIRST AID MEASURES**General Information****Eyes**

If symptoms develop, move individual away from exposure and into fresh air. Flush eyes gently with water while holding eyelids apart. If symptoms persist or there is any visual difficulty, seek medical attention.

Skin

Remove contaminated clothing. Wash exposed area with soap and water. If symptoms persist, seek medical attention. Launder clothing before reuse.

Ingestion

Seek medical attention. If individual is drowsy or unconscious, do not give anything by mouth; place individual on the left side with the head down. Contact a physician, medical facility, or poison control center for advice about whether to induce vomiting. If possible, do not leave individual unattended.

Inhalation

If symptoms develop, move individual away from exposure and into fresh air. If symptoms persist, seek medical attention. If breathing is difficult, administer oxygen. Keep person warm and quiet; seek immediate medical attention.

Notes to physician

No data

5. FIRE-FIGHTING MEASURES**Suitable extinguishing media :**

Water spray, Dry powder, Foam, Carbon dioxide (CO₂)Dry chemical, Foam, Carbon dioxide (CO₂)Foam, Carbon dioxide (CO₂), Dry chemicalDry chemical, Carbon dioxide (CO₂), Foam, Water spray

Hazardous combustion products:

May form:, carbon dioxide and carbon monoxide, oxides of sulfur, nitrogen and phosphorus, various hydrocarbons

Precautions for fire-fighting:

Never use welding or cutting torch on or near drum (even empty) because product (even just residue) can ignite explosively. Wear full firefighting turn-out gear (full Bunker gear), and respiratory protection (SCBA). DO NOT direct a solid stream of water or foam into hot, burning pools of liquid since this may cause frothing and increase fire intensity. Frothing can be violent and possibly endanger any firefighter standing too close to the burning liquid.

6. ACCIDENTAL RELEASE MEASURES**Personal precautions**

For personal protection see section 8. Spills of this material are very slippery.

Environmental precautions

Prevent run-off to sewers, streams or other bodies of water. If run-off occurs, notify proper authorities as required, that a spill has occurred.

Methods for cleaning up

Persons not wearing protective equipment should be excluded from area of spill until clean-up has been completed. Stop spill at source, dike area of spill to prevent spreading, pump liquid to salvage tank. Remaining liquid may be taken up on sand, clay, earth, floor absorbent, or other absorbent material and shoveled into containers.

Other information

Notify the proper authorities as required that a spill has occurred.

7. HANDLING AND STORAGE**Handling:**

Containers of this material may be hazardous when emptied. Since emptied containers retain product residues (vapor, liquid, and/or solid), all hazard precautions given in the data sheet must be observed.

Storage:

Store in a cool, dry, ventilated area.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION**Exposure Guidelines**

Exposure controls Not required under normal conditions of use. However, if unusual operating conditions exist, then provide sufficient mechanical (general and/or local exhaust) ventilation to maintain exposure below PEL/TLV (s).

Eye protection

Not required under normal conditions of use. However, if misting or splashing conditions exist, then safety glasses or chemical splash goggles are advised.

Skin and body protection

Not normally required. However, wear resistant gloves such as nitrile rubber to prevent irritation which may result from prolonged or repeated skin contact with product., Wear normal work clothing covering arms and legs.

Respiratory protection

Not required under normal conditions of use. However, if oil mists are generated above recommended PEL/TLV of 5 mg/m³, then a NIOSH/MSHA approved respirator is advised in absence of proper environmental control. (See your industrial hygienist.)

9. PHYSICAL AND CHEMICAL PROPERTIES

State of matter	liquid	
Form		No data
Colour	amber	
Odour	Petroleum-like odor	
Boiling point/range		No data

pH		No data
Flash point	218.3 °C	Cleveland open cup
Evaporation rate		No data
Explosion limits		No data
Vapour pressure		No data
Vapour density		No data
Density	0.870 g/cm ³	70.00 °F
Solubility		No data
Partition coefficient (n-octanol/water)		No data
Autoignition temperature		No data

10. STABILITY AND REACTIVITY

Stability:

Stable

Conditions to avoid:

Avoid contact with:, excessive heat

Incompatible products:

Avoid contact with:, strong oxidizing agents

Hazardous decomposition products:

May form:, carbon dioxide and carbon monoxide, oxides of sulfur, nitrogen and phosphorus, zinc oxide, various hydrocarbons

Hazardous reactions:

Product will not undergo hazardous polymerization.

Thermal decomposition

No data

11. TOXICOLOGICAL INFORMATION

Acute oral toxicity

DISTILLATES (PETROLEUM), 64742-54-7
HYDROTREATED HEAVY PARAFFINIC

LD 50: Rat 15 g/kg

Acute dermal toxicity

DISTILLATES (PETROLEUM), 64742-54-7
HYDROTREATED HEAVY PARAFFINIC

LD 50: Rabbit 5 g/kg

Acute inhalation toxicity

DISTILLATES (PETROLEUM), 64742-54-7
HYDROTREATED HEAVY PARAFFINIC

12. ECOLOGICAL INFORMATION

No data

13. DISPOSAL CONSIDERATIONS

Waste disposal methods

Dispose of in accordance with all applicable local, state and federal regulations.

14. TRANSPORT INFORMATION

15. REGULATORY INFORMATION

Reportable quantity Not applicable.

WHMIS Classification D2B **Toxic Material Causing Other Toxic Effects**

Canada. Canadian Environmental Protection Act (CEPA). National Pollutant Release Inventory (NPRI) (Can. Gaz. Part I, 135:12, 940)

ZINC ALKYL DITHIOPHOSPHATE	68988-45-4
DIPHENYLAMINE	122-39-4
CADMIUM	7440-43-9
ARSENIC	7440-38-2
BENZENE	71-43-2

Notification status

EU. EINECS	n (Negative listing)
US. Toxic Substances Control Act	y (positive listing)
Australia. Industrial Chemical (Notification and Assessment) Act	n (Negative listing)
